

Did you know...

as of September 28, 2017, almost 700 adults with a developmental disability in the **Settlement Agreement population** are living in their own homes in the community with natural, Medicaid waiver and other supports? Many have done so using resources made available specifically to this population. **You can too!**

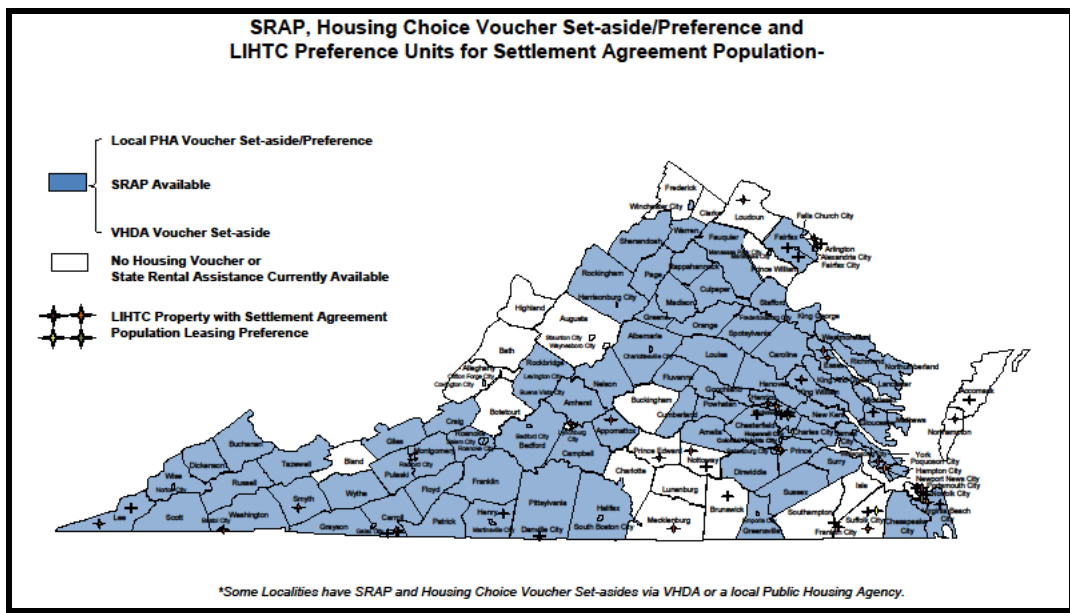

The map below shows where eligible individuals can access housing resources (State Rental Assistance (SRAP), Vouchers, etc.) to help adults in the Settlement Agreement Population who want to live in their own home in the community with supports.
